ABSTRACT SUBMISSION DEADLINE  
16<sup>th</sup> DECEMBER 2019

REGISTRATION DEADLINE  
31<sup>st</sup> DECEMBER 2019

Multiple initiatives have been taken up by government, civil societies and industries to overcome problem of water scarcity. National Water Mission (NWM) has been initiated under the aegis of National Action Plan on Climate Change (NAPCC) to conserve, minimise wastage and ensure equitable distribution of water. National Water Mission will work on the principle of sustainability. Mission is intended to achieve the Goal 6, Sanitation and Clean Water, of Sustainable Development Goals (SDG). National Water Mission outlines the participation of policy makers, industry, civil societies and academia to achieve the goals of the mission. SDG suggests that water conservation will depend on capacity building, integration of technology, and adoption of sustainable and responsible consumption of water at institutional and individual level.
