September 16, 2025

Dear students,

It has come to the notice of the College authorities that some students, ex-students, and political activists are attempting to lure students outside the College premises by offering attractions such as movies, visits to amusement/fun parks, and similar activities. It has further been observed that buses are being parked outside the College gates to transport students, particularly female students, for such purposes.

All students, especially girl students, are strictly advised to refrain from participating in such activities, as they are unsafe and may at times turn violent or dangerous.

The College will take strict disciplinary action against any student or candidate found to be organizing, promoting, or supporting such activities.

Yours sincerely

(Prof. Narendra Singh)

Principal

All Students
